Symposium YUVASKATHI – 2k26

PAPER PRESENTATION – Rules

1. **Team Structure**
   - Each team can have 1 or 2 members.
   - All participants must complete registration on or before 4th march.
2. **Topic Selection**
   - The topic must be related to Engineering Innovation for Inclusive Growth.
   - The content must be original work done by the participants.
   - Plagiarism or copied content is strictly not allowed.
3. **Paper Format.**
   - The PPT should be prepared in Times New Roman font and must not exceed 10 slides.
   - Use 1.5 line spacing and a font size of 12.

The paper should include

- Title
- Abstract (short summary)
- Introduction
- Main Content / Explanation

- Conclusion
- References

4. Submission

- The paper must be submitted on or before the given deadline.
- Late submissions will not be accepted.
- The format of the paper presentation should be in PPT.
- Participants are requested to submit the PPT on or before 4th March to yuvasakthi@nprcolleges.org.
- The PPT file name should be the respective team name.

5. Presentation

- Each team will get 10 minutes to present their paper.
- 2–3 minutes will be given for questions from judges.
- Presentation can be done using PowerPoint.
- Participants must follow the time limit strictly.

6. Evaluation Criteria
Teams will be judged based on:

- Clarity of topic
- Quality of content
- Understanding of subject
- Presentation skills
- Ability to answer questions

7. General Rules

- Formal dress code is expected.
- Maintain discipline during the event.
- Judges decision will be final and binding.

BREAK THE CODE

Rules and Regulations

1. **Team Structure**
   - All participants must be registered before the event begins.
   - It's an individual event.
2. **Code Book**
   - Each participant will be provided with a Code Book at the start of the event.
   - The Code Book will contain important civil engineering terms, symbols, values, formulas, standards, or hints.
   - All questions in the event will be based mainly on the Code Book.
   - Participants must carefully study and use the Code Book to decode answers.
   - The Code Book must not be exchanged between teams.
3. **Event Format**
   - A total of 25 questions will be given to each participant.
   - you must use the Code Book to interpret and find the correct answer.
4. **Time Limit**
   - Answers must be submitted within the given time of 45 min
5. **Scoring**
   - Correct answers will receive points.

- Faster correct responses may receive bonus points.
- The participant with the highest total score will be declared the winner.

6. General Rules

- Only the provided Code Book is allowed for reference.
- Use of mobile phones or external materials is strictly prohibited.
- Any malpractice will lead to disqualification.
- Judges' decision will be final.

CAD CONTEST – Rules and Regulations

1. **Team Structure**
   - It is an individual event.
   - All participants must complete registration before the event.
2. **Software**
   - The contest will be conducted using approved CAD software (as specified by the organizers).
   - Participants must use only the software provided during the event.
3. **Problem Statement**
   - A drawing or design problem will be given at the start of the contest.
   - Participants must complete the drawing based on the given dimensions and instructions.
   - Modifications outside the given instructions are not allowed.
4. **Time Limit**
   - The total time for the contest will be announced at the beginning.
   - Participants must submit their final drawing within the given time.
5. **Submission**
   - The final file must be saved and submitted in the specified format.
   - File name format should follow the instructions given by the organizers.

6. **Evaluation Criteria**
   Drawings will be judged based on:
   - Accuracy of dimensions
   - Proper use of layers and tools
   - Neatness and clarity
   - Completion within time
   - Overall presentation
7. **General Rules**
   - Use of mobile phones or external storage devices is prohibited.
   - Participants must not copy from others.
   - Judges' decision will be final and binding.

TREASURE TRAIL – Rules and Regulations

1. **Team Structure**
   - Each team must consist of 2 members.
2. **Objective**
   - Teams must collect all the required stamps in the specific order given at the start of the event.
   - Only teams that complete the full sequence correctly will be considered for winning.
3. **Stamp Collection**
   - To receive a stamp, teams must complete a challenge or solve a riddle at each location.
   - After successfully completing the task, the Stamp Master will provide the next location clue.
   - Clues will be given only after the current challenge is cleared.
4. **Order Rule**
   - Stamps must be collected strictly in the assigned order.
   - If a team collects stamps in the wrong order, they will be disqualified.
5. **Winning Criteria**
   - The team that correctly collects all stamps in order in the shortest time will be declared the winner.
6. **Conduct Rules**

- Running or shouting is strictly prohibited.
- Teams must not follow or track other teams.
- Any team found doing so will be disqualified.
- Participants are expected to maintain proper discipline and decorum throughout the event.

7. General Rule

- Organizers' and judges' decisions will be final and binding.

PROJECT TYCOON – Rules

1. Team Structure

- Each team must have 2 members.
- Each team will represent itself as a company with a unique name.

2. Starting Capital

- Every team will receive ₹100 Crore as virtual capital.
- No extra capital can be added.
- All investments must stay within the ₹100 Crore limit.

3. Investment Rules

- Teams must invest in real-world sectors such as gold, stock market (specific companies), real estate, startups, or other legal businesses.
- **Teams must clearly mention:**
    - How much they are investing in each sector
    - Why they chose it
    - Expected returns
    - Risk level

4. Strategy

- Teams must prepare a clear investment plan.
- The plan should include fund distribution and expected profit.
- A simple backup plan in case of loss should be mentioned.

5. Confidentiality

- Teams must keep their strategies confidential.
- Sharing plans with other teams may lead to penalties.

6. Presentation

- Each team will get 5–8 minutes to present their strategy.
- Judges may ask questions after the presentation.

7. Evaluation

Teams will be judged based on:

- Clarity of strategy
- Financial logic
- Risk understanding
- Presentation
- Answers to judges

8. Results

- The team with the highest score will be the winner.
- The second-highest will be runner-up.
- Judges' decision will be final.
