DEPARTMENT OF ELECTRONICS & COMMUNICATION ENGINEERING

YUVASAKTHI 2K26

Event mail id: yuvasakthiece2k26@gmail.com

⭑ REGISTRATION PER PARTICIPANT

Technical Events:

CIRCUIT COMBAT

TEAM SIZE: 2 MEMBERS PER TEAM

Round 1 — Tech Pulse (MCQ Screening Round)

RULES:

- No mobile phones or external materials allowed.
- Each correct answer carries marks.
- Participants must submit before time ends.
- Answer sheet paper will be provided.

Round 2 — Electro Challenge (Colour Coding & Medium-Level Tasks)

RULES:

- Points awarded for accuracy.
- Participants must submit before time ends.
- Answer sheet paper will be provided
- Judges' decision is final.

Round 3 — Debug Arena (Final Circuit Error Debugging)

RULES:

- Only the provided components/tools can be used.
- Participants must follow safe handling practices.
- Judges may ask participants to explain debugging steps.

ROBOT FIRE

Robot specification:

- **Motor type:** DC motor or servo motor, **Voltage:** max 12 volt, **RPM:** max 1200 RPM.
- Ready-made robot not allowed.
- Each team can have 2 or 3 members.
- Judges' decisions will be final and binding.

Round 1 – Lucky Task Arena Rules

- Manual handling of robot during the run is not allowed.
- If the robot stops, teams may restart only with judge permission.
- Only full laps will be counted.

Round 2 – Robo Race Rules

- Teams must attempt to complete the obstacle track within the time limit.
- Robots should follow the designated track path.
- Two restart may be allowed with minor time penalty (judge decision).
- Track completion time will be recorded for scoring.

PAPER PRESENTATION:

DOMAINS:

- Wireless Communications & Artificial Intelligence.
- Internet of Things (IoT) & Embedded Systems.
- VLSI Design & Hardware Security.
- Signal Processing & Robotics Engineering.
- Multidisciplinary Innovation & Emerging Technologies.

RULES :

1. The event will be a single-round competition.

2. Each team can consist of 1 to 3 participants.

3. Registration is required before the deadline.(On spot Registration also available).

4. The topic should be related to Engineering, Technology, Innovation, or Emerging Trends.

5. Submit an Abstract (150–250 words) as well as PPT Sent to below mail id before **04.03.2026.**

Email: yuvasakthiece2k26@gmail.com

6. PPT Format will be sent to Whatsapp Group.

7. Time allocation:

    - Presentation: 4–6 minutes.
    - Q&A session: 2–4 minutes.

8. Report to the venue 30 minutes before your scheduled slot.

9. The judges' decision will be final and binding.

10. Violation of any rule can result in rejection of paper.

Non-Technical Events:

A MINUTE TO WIN

RULES:

- Single participant.
- A total of three rounds will be conducted.
- Each player gets 60 seconds per round unless stated otherwise.
- Practice is not allowed once the official timer starts.
- No assistance from teammates, audience, or judges during a player's turn.
- Any form of cheating, intentional dropping, or rule-breaking will lead to disqualification for that round.

THINK↔LINK:

RULES:

- All teams must strictly follow the given time limits.
- No use of mobile phones, gadgets, or any external help.
- Judges decisions will be final and binding.
- Answers given within the time limit will only be considered.
- Teams must maintain discipline and fair play throughout the game.
- Use of any unfair means will lead to disqualification.
